

HP Education Services Course Description

ITIL® Foundation for IT Service Management (HF421)

This 3-day course introduces the fundamentals of IT Service Management (ITSM) based on the IT Infrastructure Library (ITIL). It describes the key concepts, processes, functions and roles of the ITIL service lifecycle. The course is made up of lectures and the exciting, hands-on HP Race to Results Service Management Simulation, which provides an interactive learning experience. This results in good awareness and comprehension of the main aspects of ITIL. The course prepares attendees for the ITIL® Foundation Certificate examination.

Audience

All IT Staff, system and network administrators, managers and executives who are responsible for the delivery of IT services in an organization.

Prerequisites

Experience and knowledge of IT computing environments are useful but not essential.

Course objective

Upon successful completion of this course participants will be able to:

- Gain an understanding of the ITIL service lifecycle and its key components
- Gain the knowledge necessary to prepare for the ITIL® Foundation Certificate examination from EXIN, ISEB or APM Group

Course title: ITIL® Foundation for IT Service Management
